

Overview of the Fujikura Kasei Group

Business overview

Our business areas have widely expanded from the original coatings and resin materials businesses the company has engaged in since its founding, to now include the in-vitro diagnostic pharmaceutical products business.

The Coatings for Plastics Business is centered on coatings for plastic materials as its main products, and responds to needs in a wide range of business areas that include automotive parts, home appliances, cosmetic containers, agricultural materials, and hobby supplies.

The Architectural Coatings Business mainly handles paints for residential exterior walls, and undertakes exterior wall painting works in an integrated fashion, from the painting of newly built residential homes to re-painting (renovation) works.

The Electronics Materials Business provides a wide lineup of the Dotite® brand of electroconductive resin materials such as pastes, adhesives, and shields to the electric and electronic equipment sectors.

The Functional Polymers/Polymers & Resins Business handles resin materials, and has a share in numerous markets, including the markets for adhesives, resins for printer toners, molding materials, stationary materials, electronic component materials, medical materials.

The Synthetic Resins Business, run by a subsidiary of our company, engages in the sale of raw synthetic resin materials and processed synthetic resin products.
